# VODKA

**PERVAK**  
**APRICOTE SAMOGON**  
Flavored vodka

Alc. Vol. 40%  
0.5L; 0.7L

Unique special vodka on apricots, which have no analogues in the Ukrainian market. For the production of "Samogon on apricots" a fragrant alcohol of fresh apricots and honey is used, which is distilled twice. Also in the composition of the drink is selected luxury "luxury" and soft Poltava water. Thanks to a special technology and a revived recipe, this "Pervak" is very soft and pleasant to taste, with a delicate fruity aroma.

**PERVAK**  
**PEPPER AND HONEY**  
Flavored vodka

Alc. Vol. 40%  
0.5L; 0.7L

Strong alcohol, infused with hot red pepper, has been known for several centuries. This pepper is special in that it is prepared according to a unique home recipe - using a whole pod of red pepper. Also for its preparation is used aromatic alcohol of pepper and its infusion. And also - natural honey, apple juice and infusion of sweet clover. That's why this pepper is so soft to the taste, easy to drink, harmonious and fragrant. It fits well with Ukrainian meat dishes: homemade sausages, roast, aromatic baked pork, spinach with white mushrooms.

VODKA

### **Medovukha Buckwheat Flavored vodka**

Alc. Vol. 40 %  
0.2 L, 0.5 L, 0.7 L

---

This flavored vodka provides a full-bodied feeling of harmonious combination of its components: alcohol LUX, natural buckwheat honey with grass infusions of oregano, thyme, cinnamon and peppermint. Soft aroma of honey perfectly balances this combination.

### **Medovukha May Vodka**

Alc. Vol. 40 %  
0.2 L, 0.5 L, 0.7 L

---

The popularity of this recipe is achieved by perfect combination of alcohol LUX, crystal clear water and natural May honey. The aroma of honey resembles spring blooming of Ukrainian garden.

### **Narodna Marka Flavored vodka**

Alc. Vol. 35 %  
0.2 L, 0.45 L

---

**Special offer for a unique minimum price.**

Recipe. The uniqueness of the formula consists in the combination of aromatic alcohols of cumin fruit, birch buds and eucalyptus, with the addition of natural honey. It is made of high-quality spirit of "Lux" class and artesian water of the highest degree of purification.

# VOD KA

### **PERVAK SINGLE DISTILLATION**

Alc. Vol. 40%  
0.25L; 0.5L; 0.7L; 1.0L

Our ancestors appreciated the most the spirit of a first distillation. That's why we took the aroma spirit of rye bread of the first distillation to make this special vodka. We have also added to the recipe the grain spirit, best drinking water, as well as aroma spirits of lime-blossom color and honey. Therefore now our customer can fully enjoy the mild flavor and rye aroma of Pervak.

This vodka is recommended with breast cut in honey-mustard sauce.

### **PERVAK DOUBLE DISTILLATION**

Alc. Vol. 40%  
0.25L; 0.5L; 0.7L; 1.0L

The secret of this Pervak is in the double distillation. We double-distilled aroma spirit of rye bread and added the grain spirit and best drinking water. Also we added to the recipe the aroma spirits of lime-blossom color and a bit of sugar syrup. This is the way we made the really soft drink with a barely perceptible flavor of rye bread.

This vodka is recommended with baked crispy ham, cooked in herbs.

### **PERVAK HOMEMADE**

**Flavored vodka**

Alc. Vol. 40%  
0.5L; 0.7L

Long since the most delicious home-made drinks were made on the basis of malt, and necessarily - rye. It is in this particular component that the secret of the unique taste and aroma of freshly baked rye bread lies. The creators of "Pervaka Domashnyy" strictly follow the long-established revival of the recipe, using the aromatic alcohol of rye malt and an infusion of rye. So it turns out a really home-made drink - fragrant, with a mild taste and a pleasant aftertaste with bread notes.

## Odessa Cognac Factory

The Odessa Cognac Factory is the oldest brandy factory in the Russian Empire, the Soviet Union and present-day Ukraine. It was founded by the legendary Shustov dynasty of brandy entrepreneurs.

The history of Shustov brand begins in 1863. The Odessa Cognac Factory has the complete production cycle according to the classical French cognac production technology. The factory owns about 1,000 hectares of

elite vineyards and the oldest park of brandy barrels. The company has the complete production cycle, it grows grapes, makes brandy spirits, ages them in barrels, creates unique blends, and bottles the ready-made brandy.

In 2002 a new brandy production facility was launched, which is the most modern and has the top capacity in the European brandy industry.
